**2014-2015** A REPORT TO OUR COMMUNITY

# PRESIDENT'S MESSAGE

As our community's health care needs continue to grow, Stoughton Hospital is working to make sure we can provide the very best care. The hospital continuously evaluates its space, services and technology to keep up with the fast-paced changes in health care.

Stoughton Hospital's Emergency Services Department has experienced more than 50% growth since the facilities were last renovated in 1995. This year more than 20,000 patients and their families counted on our emergency and urgent care departments to meet their needs – more than double the number of visits the current space was designed to accommodate.

With this information, Stoughton Hospital crafted a comprehensive plan that began April-July with improvements to the parking lot which yielded additional parking spaces, a safer environment and an improved look to the entire campus. We are continuing progress to the plan with renovation to meet the crictial needs of the Emergency Department and Urgent Care areas. The project also includes additional space for physician specialists, a new lab, and renovated and expanded outpatient surgery suites. The plan is designed to exceed expectations and further differentiate Stoughton Hospital as Dane County's hidden gem while providing jobs and a positive economic impact for the entire community. Construction has started with an estimated completion date of spring 2017.

Making these improvements now will greatly improve our ability to provide state of the art, life giving care; will allow us to continue to attract the top talent that we currently do; and keep the high quality healthcare that our community deserves close to home.

Respectfully,
Terry Brenny
President/CEO

## Patient Testimonials

**Surgery Department**
"Your facility and staff were new to me and how great it was to have my procedure done there! I wouldn't hesitate to recommend you to people I know and come there again should the need arise! Thank you so much!"

**Geriatric Psychiatry Department**
"The Geriatric Psych Unit is an amazing facility, with focus on a vulnerable and sometimes voiceless population. I am so thankful for the opportunity my mom (and her family) had to find and receive loving help."

**Emergency/Urgent Care Department**
"I've been a patient at a lot of different facilities and my experience at Stoughton Hospital was exceptional in comparison! Kudos to you all!"

**Inpatient Department**
"Great experience. I am very glad I could come to Stoughton Hospital. Thank you to ALL STAFF throughout the whole hospital – all very wonderful people. Thank you to you all!"

# HELPING PEOPLE LIVE HEALTHIER LIVES

Stoughton Hospital takes pride in being at the center of our community. We work hard to be good partners and collaborate with our local clinics, civic organizations, chambers, schools, businesses, wellness coalitions and more. During fiscal year 2014, Stoughton Hospital assisted over 16,000 people and provided more than $2.4 million dollars in community support including: visiting pharmacist program, grocery store nutritional tours, physician and other health professionals education presentations, participation at health fairs, offering free screenings, assisting with applications for the Health Insurance Marketplace, healthy cooking demonstrations, hosting support groups, Healthy Living with Diabetes classes, medication disposal and sharps collection and more. Most recently the hospital was part of a successful effort to secure a two year $150,000 Drug Free Community Mentoring Grant.

## Visiting Pharmacist Program

The hospital's pharmacy staff visited schools and educated 191 third grade students from the Stoughton School District about the dangers of poisonings and how to prevent them. Students were challenged to do a home survey with their parents.

Why do it? Poisoning, particularly from overdoses of over-the-counter, prescription and illicit drugs, is a leading cause of unintentional death. The majority of non-fatal poisonings occur in children in the home.

Pharmacist Kathy Hoopes educates students on poison dangers.

## Medication Disposal and Sharps Collection

Since 2008 Stoughton Hospital has been part of organizing two annual medication and sharps collection events. The Med Drops are staffed by various volunteers including members of the Stoughton Wellness Coalition, fire and police departments, UW-pharmacy students, local pharmacists, Stoughton Lioness and Partners of Stoughton Hospital. From September 2008 – April 2015, 3,564 people dropped off medications with over 3,200 pounds of sharps and 4,015 pounds of medications collected. In addition to the Med Drop which has been going on for over seven years, a Drug Drop-Box is available 24 hours a day, 7 days a week for prescription, over-the-counter medications and inhalers.

Partners of Stoughton Hospital Polly Schnese and Peggy Kiss volunteer at the Stoughton Med Drop.

# QUALITY MATTERS

Patient satisfaction is a cornerstone of quality patient care at Stoughton Hospital. Recent survey results show Stoughton Hospital continues to lead the way in patient satisfaction. HCAHPS (Hospital Consumer Assessment of Healthcare Providers and Systems) is a national survey that asks patients about their experiences during a recent hospital stay. Patients are asked 10 important hospital-quality questions. With the latest survey results, Stoughton Hospital exceeded state and national averages in 9 of the 10 questions. Closer to home, Stoughton's scores top those of all other Dane County hospitals.

---

Stoughton Hospital Environmental Services Department was recognized for achieving outstanding Patient Satisfaction scores on the Medical-Surgical Unit for October-December, 2014. Stoughton Hospital was in the top 2% of hospitals nationally for Room Cleanliness and in the top 1% nationally for Courtesy of Cleaning Personnel.

**To see any hospital's HCAHPS results, go to the Hospital Compare website at hospitalcompare.hhs.gov.**

They carry a large responsibility with their role including: cultivating community relationships, understanding common health concerns, ensuring patients receive the highest standard of care, reviewing quality of patient care and providing financial oversight. Thank you to our community leaders for giving their time and skills to help the hospital achieve optimum health for the community we serve.*

# A LEGACY OF GIVING

Dear Friends,

As we begin an important new chapter in the Stoughton Hospital Story, I continue to be heartened by the generosity and support of the many loyal supporters listed in this Annual Report.

As many of you may know the Stoughton Hospital Foundation has embarked on a $2M Capital Campaign, Life.Giving.Care. – Building on a Tradition of Compassion & Trust for Generations to Come, to support the renovation of the Stoughton Hospital Emergency Department and more. The project includes additional space for specialists; new lab; expanded, renovated outpatient surgery suites that promote privacy, confidentiality, security, comfort and Lean efficiency goals. The project will cost $13M and will be funded with $10M in bond financing, $2M through the Capital Campaign and the remaining through Hospital reserves. We expect the project to be completed in the spring of 2017.

Again, THANK YOU to all who have made a pledge. Because of your generosity we are well on our way of reaching our goal! As this Annual Report goes to press (November) we have raised $1.4 M towards our goal of $2M.

While many of our current efforts are directed towards reaching our capital campaign goal, we continue to enjoy meeting our friends in the community to discuss annual and planned gifts, sponsorships and other giving opportunities. We support community initiatives in our service areas and look forward to seeing you either out in the community or better yet – next time you visit Stoughton Hospital please stop by the Foundation Office as we would love to learn your story!

Sincerely,

Mary M. Link
Foundation Director

Serving as goodwill ambassadors, the Partners of Stoughton Hospital provide volunteer assistance to Stoughton Hospital by supporting the mission of the hospital and striving to make a positive impact on patients and visitors.

Through the Partners fundraisers this year, which include:

- Cookie and Bake Sales
- Book & Linen Sales
- Card Parties
- Flower Sales
- Pink Envelope Fundraiser
- Fall Auction/Event (Affair with Chocolate)
- Gift Shop Sales

The Partners were able to raise over $29,000 dollars. They generously supported iPods® to engage patients in the Geriatric Psychiatry department with music, provided scholarships to local high school students, funded breast cancer awareness and wellness initiatives and they continue to work on plans for a walking trail behind the hospital campus. If you are interested in joining the Partners of Stoughton Hospital, please contact Becky Greiber at 608.873.2205 or bgreiber@stohosp.com.
